Greetings Fellow IAEI Members and Friends,

Plans for the 86<sup>th</sup> Annual Professional Development Seminar and Meeting are well underway. The Eastern Division of the Ohio Chapter IAEI is proud to host this year's seminar and meeting May 7-9, 2012 at the Holiday Inn in Boardman, Ohio.

As in past years, code questions will be reviewed by a highly distinguished panel of code experts, many with a firsthand comprehension of the code making panel's intentions. Electrical manufacturers and representatives will be displaying products, presenting related programs and answering your questions.

The importance of this type of training cannot be over emphasized. You will have opportunities to talk with industry experts and network with fellow inspectors that only a seminar of this caliber can bring together. This can prove to be invaluable to you, your departments and the citizens of all your communities.

This seminar provides 10 hours credit toward your ESI and OCILB recertification requirements. Building Official, Residential Building Official, Master Plans Examiner, Electrical Plan Examiner and Residential Plan Examiner can receive 10 hours credit toward OBBS recertification. In addition 1.2 CEU's will be awarded for attendance.

While you are participating in the meeting your companions will be entertained by a quality program that promises to be one that they will remember.

It is my hope that you can attend the 86<sup>th</sup> annual meeting. I look forward to seeing each of you in Boardman, Ohio, on May 07, 2012.

*John Grivensky*  
IAEI, President
