**STATE OF OHIO COVID-19 MEETING
PROTOCOLS WILL BE FOLLOWED
FOR DATE OF THE CODE SEMINAR.
FACEMASKS WILL BE REQUIRED.
BRING YOUR OWN PEN & PAPER.**

Seminar Description:

- **AFCI & GFCI APPLICATIONS** session will provide insight on NEC requirements and application of these devices. NEC 2017 Articles 210, 422, 511, 517 & 680. Review of NEC 2020 highlights.
- **COMMON ELECTRICAL DEFECTS** will highlight those “interesting” electrical installations which inspection comes across in the field to illustrate methods **not** to use! NEC 2017 Articles 110, 210, 215, 230, 240, 250, 300 & 310. Review of NEC 2020 highlights.
- **GROUNDING & BONDING** session will be a summary of the proper methods needed to comply with NEC Grounding & Bonding for installations. NEC 2017 Article 250 and NEC 2020 highlights.
- This seminar is designed for experienced construction and plant electricians, residential wiremen, electrical contractors, electrical safety inspectors, instructors, supervisors, designers and engineers.
- Discover how the explanations of these NEC topics will help you to work more effectively.
- Multiple Exhibitors will be at the seminar with electrical products to review.
- The information and concepts presented will be of great value to you for years to come. The basics of electrical safety follow a common path, to seek to reduce the likelihood of shock and fire hazards by sound installation practices. Regardless of your role in the electrical industry, you can contribute to improving electrical safety. We all learn from technical instruction and the printed material but we also learn from each other and we learn together.

About the Instructors: The instructors are provided by the Southwest Division, Ohio Chapter of the IAEE:
AFCI & GFCI Applications - Dewayne Jenkins, ESI for City of Kettering
Common Electrical Defects - Caty Robinson, ESI for Inspection Bureau Inc.
