2:45 PM – 4:00 PM – Analysis of Changes - NEC
4:00 PM – Certificate Distribution

Seminar Description:

- **NEC 2020 Analysis of Changes** session will review the impact of the changes of the NEC 2020 Articles. The agenda provides a chapter by chapter overview of the rather extensive and complex NEC revisions.
- The ***IAEI Analysis of Changes – NEC 2020*** Powerpoint will illustrate the most significant revisions
- The ***IAEI Analysis of Changes – NEC 2020*** book is not required or included in the seminar fee. If interested, this book is available at www.iaei.org. Discounts are available to IAEI members.
- This seminar is designed for experienced construction and plant electricians, residential wiremen, electrical contractors, electrical safety inspectors, instructors, supervisors, designers and engineers.
- Discover how the explanations of these NEC topics will help you to work more effectively.
- Multiple exhibitors will be at the seminar with electrical products to review.
- We believe that you'll find the information and concepts presented to be of great value to you for years to come. Although the NEC is revised on a regular basis, the basics of electrical safety have always followed a common path, to seek to reduce the likelihood of shock and fire hazards by sound installation practices. Regardless of your role in the electrical industry, you can contribute to improving electrical safety. We all learn from technical instruction and the printed material but we also learn from each other and we learn together.

About the Instructors: The instructors are provided by the Southwest Division, Ohio Chapter of the IAIE:
 Dewayne Jenkins, ESI for City of Kettering
 Caty Robinson, ESI for Inspection Bureau Inc.
 Pete Baldauf, ESI for City of Kettering.
Code Resource Panel – Gaylord Poe, ESI for Inspection Bureau Inc. and Lorenzo Adam, ESI for City of Mason
