Subject: RE: Mandatory Training - Email to Attendees

Lorenzo,

Please send the following email to all ESIs who attended both Saturdays of our 2011 JV Seminar:

"We have confirmed today with Regina Hanshaw, Executive Secretary of the Ohio Board of Building Standards, that Ohio will recognize your attendance of the NEC "code changes" courses (two Saturdays) held at Kings Island on February 12th & 19, 2011 as an acceptable alternative to the mandatory training outlined in the recent notice you received from the board dated 02/14/12.

Please contact Felecia (Felecia.Jackson@com.state.oh.us) with verification that you attended both Saturdays as noted above (see attached sample file) and request that the training referenced above be counted as the mandatory equivalent so she can make a note in your file."

Thanks GP
